In House Grading Process

Amgad Inc. has prepared this certificate of authenticity for Stock #: J799, for sale purposes only.

The main objective of this Certificate is to help customers gain a better understanding of color diamonds by using a PANTONE reference color.

In order to prepare the certificate for each stone, a representative of Amgad Inc. records the following:

- 1) 4 C's
 - a. Cut – The Shape of the Stone
 - b. Color-
 - i. For White/Clear Diamonds color range is based on a D-Z grading
 - ii. For color diamonds (i.e., Pink, Green, Yellow, etc.) color is based on 4 factors:
 1. Hue-Main & Modifier Colors
 2. Saturation-Intensity/Strength of Color
 3. Tone-Degree of Darkness or Lightness
 4. Pantone Reference color using the SKU # of matching color swatch
 - c. Carat Weight-Unit weight
 - d. Clarity-Inclusion/Blemishes within the stone. Based on the certain characteristics.
